

Legion Postpones Installation to Aug. 19

Because the scheduled installation meeting of the American Legion Post conflicted with the finals of the semi-pro tournament which the Post sponsored here this year, the induction of new officers was postponed from Tuesday night to August 19. The ceremonies will be held following a dinner and the Compton drill team will serve as installing unit for the Post as well as the Sons of the American Legion Squadron.

College Sports May be Curtailed for Duration

College sports may soon take a back seat — for the duration! — just as they did back in World War days. Uncle Sam, casting about for ways and means of making military service more popular with the boys who wear the uniforms, has started thinking in terms of track meets, championship fights and Rose Bowl games for the Army and Navy. And many big-name athletes, who have been jockeying for draft deferment, may suddenly join up.

Confident

Judges at Humboldt County Fair at Ferndale, Cal., have to keep their eyes on the entries and not the entrants, which is too bad, because Evie Hartness could win a prize without her lamb.

Northrop Wins Semi-Pro Tourney

(Continued from Page 1-A)
week 6-4, 6-5. They lost to Atascadero N. Y. A. 8-6 on July 22. Lockheed had four straight wins until Northrop broke their streak Tuesday night. They defeated North American Aviation 2-1; Kelman Electrics 13-3; Atascadero N. Y. A. 11-8 and L. B. Ellbees 7-2. Last year Lockheed represented California in the national tournament at the Bank of America won the 1940 California series. The Bankers were unable to make the trip to Wichita and so Lockheed was given the opportunity. They failed to place.

The Torrance tourney, which began July 12, was sponsored by the Torrance American Legion Post and it was the most successful in all respects of any of the three held at the city park diamond.

U. S. O. Game Saturday
Dale Riley is to be credited with a large share of the success. He managed the event in a manner that has won commendation from everyone connected with the series. Last summer he accompanied the Lockheed club back to Wichita where he consulted with national semi-pro officials on many phases of the job of running tournaments. He is undecided whether or not he will attend the 1941 Wichita games.

There were 31 games played during the tournament. Here are some other statistics about the series: There were 33 home runs recorded, 19 triples, 92 doubles, 394 singles and 387 runs made. A total of 273 innings were played.

Saturday night a game in which all proceeds will be donated to the U. S. O. fund will be played on the Torrance diamond between the "All-State" team of outstanding amateur players of the tournament and an "All-Star" aggregation picked by Pete Sanchez, president of the S. C. Baseball Managers' Association. Admission will be 30 cents and this fitting ending to a great tournament will begin at 8 o'clock.

MAKING 'WHO'S WHO' ALBUM

A local businessman has found the Torrance Herald and Lomita News feature "People You Should Know," published weekly, so interesting that he has instructed his clerk carefully to clip everything appearing in the column and paste it in his office scrap book.

"Not only does it make interesting reading, but it attests to the progressiveness of our business men," said this man.

"It will make mighty interesting reading 20 years from now," he continues. "It may not be here to look it over then but those who follow me will have a picture of inestimable value."

Today's winners are Mrs. L. P. Hays two dollars and C. D. Laney receives a one dollar gift.

Babcock Thanks Voters for Support

Shortly after results of the official canvass of the July 29 recall election were announced, Councilman Lawrence V. Babcock, who retained his seat on the municipal board, issued the following statement:

"I wish to express my sincere appreciation and gratitude for the vote of confidence as expressed by a majority of those who voted at the recall election. I hope that in my future conduct of the office in which you have sustained me, to merit that confidence. Again, I say thanks to my many friends and supporters."

We use **Firestone** FACTORY CONTROLLED METHODS — MATERIAL AND WORKMANSHIP WHEN WE BUILD **NEW-TREADS** ON YOUR SMOOTH TIRES YOU GET THOUSANDS OF EXTRA NON-SKID MILES AT LOW COST

SEE HOW SCIENTIFICALLY IT IS DONE!

WHY drive on unsafe tires — why risk a dangerous skid or blowout when you can add up to 80% of the mileage originally built into your tires for only 50% of the cost of new tires? How? By equipping them with safe, guaranteed Firestone New-Treads! When we finish adding a big, tough, rugged, non-skid, safety tread to your old tires, they will look like new. And here's how we do it:

First, we inspect your tires carefully and make sure the body is sound and safe. The old tread is buffed and the surface roughened; so that the New-Tread will adhere to it inseparably. A Firestone New-Tread, made of the famous Vitamic rubber compound, is applied. Then it is cured on an integral part of the tire. The finished product looks like new and is ready to deliver thousands of extra miles of safe service. That's economy! Cut your tire cost — come in today and let us put Firestone New-Treads on your smooth worn tires.

LIFETIME GUARANTEE
Every Firestone New-Tread carries a lifetime guarantee against defects in material and workmanship without trace of mileage limit.

HERE'S WHY FIRESTONE CAN SERVE YOU BEST

For many years Firestone has been the leader in the development of New-Treads. All over the country Firestone has established Factory Controlled New-Tread Shops. Long experience in operating these shops has developed successful methods, materials and workmanship, which enable Firestone to give a guarantee with every tire. Come in today and let us show you the way to greater tire economy.

IF YOUR SMOOTH TIRES CANNOT BE RETREADED, WE HAVE AMPLE STOCKS OF FINISHED FIRESTONE NEW-TREAD TIRES TO FIT ANY CAR — AT LOW PRICES
